NOTES TO THE FINANCIAL STATEMENTS

FOR THE SIX MONTHS ENDED JUNE 30, 2021

(UNAUDITED) Expressed in Canadian Dollars

1. Nature and continuance of operations

GlobalBlock Digital Asset Trading Limited (formerly Helix Applications Inc.) (the “Company” or “GlobalBlock”) is a publicly traded company whose common shares trade on the TSX Venture Exchange under the symbol “BLOK”. In July 2021, GlobalBlock completed its acquisition of GlobalBlock Limited (“GlobalBlock UK”) (Note 10), a United Kingdom based digital asset brokerage, in connection with this acquisition the Company changed its name from Helix Applications Inc. The Company’s principal address is 65 Curzon Street, London, United Kingdom, W1J 8PE.

During the six months ended June 30, 2021, the Company incurred a net loss of \$444,108 and had negative cash flows from operations of \$502,613. As at June 30, 2021, the Company held unrestricted cash of \$5,229,245 and had working capital of \$5,233,412. As at June 30, 2021, management estimates they have the adequate cash on hand to fulfil its planned operations for the next twelve months. The Company’s ability to carry out its business plan is dependent upon the ability of the Company to generate sufficient revenues and positive cash flows from its operating activities and/or obtain sufficient additional financing to settle its obligations and fund its planned operations. These condensed interim financial statements were approved by the Board of Directors on August 26, 2021.

2. Basis of presentation

(a) Statement of compliance

These consolidated financial statements have been prepared in accordance with IAS 34 “*Interim Financial Reporting*” and International Financial Reporting Standards (“IFRS”) as issued by the International Accounting Standards Board (“IASB”) and interpretations issued by the International Financial Reporting Interpretations Committee (“IFRIC”) in effect at June 30, 2021 on a basis consistent with accounting policies followed in the most recent annual financial statements. These interim condensed financial statements do not include all the information required for full annual financial statements, however, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Company’s financial position and performance since the last annual consolidated financial statements as at and for the year ended December 31, 2020.

(b) Basis of consolidation and presentation

These consolidated financial statements have been prepared on a historical cost basis, except for financial instruments classified as fair value through profit and loss which are stated at their fair value. In addition, these financial statements have been prepared using the accrual basis of accounting, except for cash flow information.

These consolidated financial statements include the accounts of all entities controlled by the Company, which are referred to as subsidiaries and references to the Company includes references to such subsidiaries. The financial statements of the subsidiaries are included in these consolidated financial statements from the date on which control commences until the date on which control ceases. The Company’s subsidiary during the periods presented include:

Helix Applications (USA) Inc. (incorporated December 14, 2018 and dissolved January 31, 2020)

Intercompany balances and transactions are eliminated upon consolidation and preparation of these consolidated financial statements.

2. Basis of presentation (continued)

(c) Functional and reporting currency

These consolidated financial statements are presented in Canadian Dollars which is also the functional currency of the Company and its subsidiaries as at June 30, 2021.

Transactions in foreign currencies are translated to the Company's functional currency at exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated to the Company's functional currency at the period end exchange rate. Non-monetary assets and liabilities denominated in foreign currencies are translated to the functional currency at the exchange rate at the date of the transaction. Foreign currency differences arising on translation are recognized in the statement of loss and comprehensive loss.

3. Significant accounting judgments and estimates

The preparation of financial statements in accordance with IFRS requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. The determination of estimates requires the exercise of judgment based on various assumptions and other factors, such as historical experience and current and expected economic conditions. Actual results may differ from these estimates.

4. Loan to GlobalBlock UK

In April 2021, the Company entered into a loan agreement with GlobalBlock UK pursuant to which the Company loaned GlobalBlock UK £750,000 in April 2021. The loan was unsecured, bore interest at 10% and was to mature in one year, however, on July 19, 2021, the Company acquired 100% of the outstanding shares of GlobalBlock UK (Note 10).

6. Shareholders' equity (continued)*Share Cancellation*

In February 2020, the Company cancelled 14,594,594 common shares with approval of the TSX Venture Exchange and in accordance with the terms of the Escrow Agreement - Surplus Securities entered in connection with the Change of Business of the Company that was completed on October 30, 2018 (the "COB"). The common shares that were cancelled had a grant date fair value of \$0.68 per share and represented approximately 85% of the common shares issued to shareholders of BlockCoBuilders Inc. in connection with the acquisition of that company under the COB.

Option exercise

In March 2021, the Company issued 200,000 common shares pursuant to the exercise of stock options at a price of \$0.165 for proceeds of \$33,000; a reallocation of reserves of \$29,535 to share capital was recorded in connection with the exercise of these options.

Private placement

In April 2021, the Company completed a private placement of 2,000,000 common shares at a price of \$1.50 for gross proceeds of \$3,000,000. In connection with this financing, the Company paid a 7% cash finders fee and other share issuance costs totalling \$238,310, and issued a finder's option to acquire up to 140,000 common shares of the Company with an exercise price of \$1.50 and a term of 24 months. The fair value of these agent's options, being \$85,215, was determined using Black-Scholes option pricing model with the following assumptions: volatility of 75%, term of 2 years, expected interest rate of 0.28% and expected dividend yield of 0%.

Stock options

Under the Rolling Stock Option Plan, the Company is able to grant options, the aggregate number of which shall not exceed 10% of the issued share capital of the Company at the time of granting any options (on a non-diluted basis). The options are exercisable for a period of up to five years from the date of grant, as determined by the Board of Directors, and the exercise price cannot be less than the price permitted by any stock exchange on which shares are then listed. The Board of Directors determines the time at which any options may vest.

8. Capital management

The Company's objectives when managing capital are to:

- (i) maintain a flexible capital structure which optimizes the cost of capital at acceptable risk;
- (ii) support any expansion plans.

In the management of capital, the Company includes shareholders' equity.

The Company manages its capital structure and makes adjustments when the economic and risk conditions of the underlying assets require change. In order to maintain or adjust the capital structure, the Company may issue new shares, issue new debt, and/or issue new debt to refinance existing debt.

In order to facilitate the management of its capital requirements, the Company prepares annual expenditure budgets that are updated as necessary depending on various factors, including successful capital deployment and general industry conditions.

The Company is not exposed to any externally imposed capital requirements and there were no changes to management's approach to capital management during the period ended June 30, 2021.

9. Financial instruments

As at June 30, 2021, the Company's financial instruments consist of cash, accounts receivable, and accounts payable and accrued liabilities. At June 30, 2021, the carrying values of these instruments approximate their fair values given their short term nature.

The fair values of financial assets and financial liabilities are characterized using a hierarchy as follows:

Level 1 – quoted prices in active markets for identical assets or liabilities;

Level 2 – inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. - as prices) or indirectly (i.e.: derived from prices); and

Level 3 – inputs for the asset or liability that are not based on observable market data.

The Company has no financial instruments for which fair value is determined based on a level 3 category.

The Company examines the various financial instrument risks to which it is exposed and assesses the impact and likelihood of those risks. These risks may include currency, credit, interest rate and liquidity risks. Where material, these risks are reviewed and monitored by the Board of Directors.

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and amounts receivable. The Company aims to protect its cash and cash equivalents from undue risk by holding them with various high credit quality financial institutions.

- (i) Credit risk

Credit risk is the risk of loss associated with a counterparty's inability to fulfil its payments obligations. The Company has limited credit risk from its amounts receivable as these amounts are due from the federal and provincial Canadian governments.

- (ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. As at June 30, 2021, the Company is not exposed to any significant interest rate risk.

9. Financial instruments (continued)

(iii) Currency risk

The Company operates primarily in Canada. The Company has exposure to foreign exchange risk. Foreign exchange risk arises from purchase and sales transactions, as well as recognized financial assets and liabilities denominated in foreign currencies. As at June 30, 2021, the Company is not exposed to significant currency risk.

(iv) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its obligations as they become due. The Company has sufficient cash to meet its financial obligations as at June 30, 2021.

(v) Price risk

The Company is not subject to significant price risk.

10. Subsequent events

GlobalBlock Transaction

Pursuant to definitive share exchange agreement (“Definitive Agreement”) signed in May 2021, and completed July 19, 2021, the Company acquired 100% of the outstanding shares of GlobalBlock UK in exchange for an aggregate of 48,450,000 common shares of the Company. These common shares are subject to a two year escrow of which 15% will be released from escrow six months after close and an additional 15% will be released every three months thereafter. In addition, the Company issued 2,550,000 common shares as finders fees. GlobalBlock UK is a United Kingdom based digital asset broker that provides personalized telephone brokerage service, trading platform and mobile app, which allows the Company to grow and develop its presence in the digital asset space.
